

Good evening, parents of Milford Mill students.

On September 14th, students at Milford Mill Academy will begin receiving devices. Students will take these laptop computers home, and they will be responsible for bringing them to school on a daily basis. They will also receive chargers and a bag; they should charge their devices at home.

On Tuesday, the first day of the school year, students will receive *Student Device Loan & Use Agreement* forms that their parents must sign if they are to be issued devices. Parents must acknowledge that they watched a ten minute video on the use and care of the devices.

The video can be watched online through the BCPS website. You will have a very brief sign in page to complete first. There will also be an opportunity to watch the video during back-to-school night, September 13th from 5:00-7:00.

The link is:

<https://bcpsvolunteers-md.safeschools.com/register/c3cc3ac5>

Please remember to sign the user agreement form and return it to your student's English teacher.

I hope you are as excited as I am about the transformative effect of blended learning on our classrooms.

Sincerely,

T. Long
