Good evening, Seniors and Parents of Seniors.

On Thursday, May 14th and Friday, May 15th, between 9:00 AM and 2:00 PM, seniors and parents in cars will be able to *grab-and-go* to get their cap and gowns. Cars will drive through the main parking lot only.

Due to the governor’s mandate, you must adhere to these procedures:

- Stop at the cones in the main parking lot and wait for direction.
- Minimize the number of persons coming to the school. If another family member can watch young children, please leave them home.
- Graduates must come separately, according to their assigned time and location. Graduates should not come with friends.
- Gatherings are not allowed, please leave the campus upon receiving the cap and gown.
- Come in a car. Keep the window rolled up until directed to open it.
- Keep 6 feet away from others at all times.
- If you must come within 6 feet of another person while receiving the Cap & Gown, keep this “close contact” to less than one minute. Save your questions for home and please email your school principal with any questions or concerns.
- Wash your hands before you leave your home and as soon as you arrive home.
- If you have a fever or other signs of illness (cough, shortness of breath, chills, sore throat, GI issues, sudden loss of taste or smell), DO NOT come to the school. If you have been directed by the health department to self-quarantine, DO NOT come to the school. Please email the school principal to make alternate plans for cap & gown pick-up.
- If younger children accompany you to the school, keep them in the car with you at all times.
- Please plan ahead. The school building is closed and the restrooms will not be accessible.

Please follow the directions of staff members.

This cap and gown distribution is being monitored for state compliance.
