

Here is an update on grading for the combined 3rd /4th quarter. Grades will be given as Pass or Fail for the 3rd/4th quarter. In order to pass for this quarter, students must show participation and progress, which means the following:

1. Students should complete the “Mandatory” lessons. This includes the Show What You Know assessment and all parts leading up to it. If you cannot complete the work for any reason, students should contact the teacher.
2. Students should try to attend all class meet sessions. Going to class meets sessions and engaging with your teacher provide evidence that you are participating and progressing. If you cannot attend a meeting, students should contact the teacher.
3. There will be no finals for this quarter, so students will need to do their best to attend class meet sessions and submit their mandatory lessons. Students/parents should contact teachers, counselors, and/or Administrators if they need additional supports.

During these times, it is important that we stay in constant communication. Students will have an opportunity to get more details about grading during a grade level google meet with their Administrator and Counselor. Parents will have an opportunity to get more details about grading during a Community Town Hall Google Meet with the Principal, Administrators, and Counselors. Information on how to access the upcoming meeting will be provided to students via Schoology.

The graphic features a dark blue header with the text "Grading Class Meets & Town Hall" in white. To the right of the header is a circular logo with the text "TEAM BCPS" and a rainbow border. Below the header, five blue boxes contain the following information: Grade 9 (Friday, May 8, @ 2:00 p.m.), Grade 10 (Monday, May 11, @ 11:00 a.m.), Grade 11 (Monday, May 11, @ 3:00 p.m.), Grade 12 (Monday, May 11, @ 2:00 p.m.), and Community Town Hall (Tuesday May 12 @ 6:00 p.m.). The text "Community Town Hall" is highlighted in yellow. The background of the graphic includes a faint school seal. At the bottom right, there is an orange bar with the number "16".
